

Kara Shults

**2024 Youth
Honoree
Cock
County**

Kara has been a dedicated volunteer in the Cosby community, especially in the aftermath of Hurricane Helene. Since 2022, she has served with the local fire department, assisting with disaster relief, distributing supplies, and delivering meals to those in need. She worked tirelessly to clean homes and salvage belongings in difficult conditions. In September 2024, Kara volunteered at a local benefit event for a young man with cancer, helping with food service and logistics. Through the Cosby High School FFA, she's supported the local fairgrounds by cleaning barn stalls and decorating for livestock shows. Kara has also guided elementary students during Farm Day activities and taught them how to plant seeds. Her ongoing commitment to her community and its members is a testament to her compassion and selflessness.
